McCormick's Creek State Park

Family Housekeeping Cabin Information

Welcome to McCormick's Creek State Park family cabins. We hope that your stay is an enjoyable one, but here are a few things to keep in mind to make the stay enjoyable for other visitors.

- **Please do not feed the deer or raccoons.** They both can become pests to your cabin if they become too familiar with visitors. Raccoons are wild animals. They can carry disease and could bite or scratch a person trying to feed them. Help to keep the populations of deer and raccoons in the park healthy by not attracting them and making them dependent on visitors for food.
- **Pets are prohibited in the cabins and around the cabins.** They can become a hazard with wild animals in the park and can be disturbing to other visitors.
- **R.V., tent, etc. camping and ground fires are prohibited on the cabin grounds.** This helps to protect the turf. Please help us to keep the grounds neat in appearance for the other visitors to enjoy.
- **Obey the state traffic laws while in the park.** Watch out for children and animals. Their actions may be unpredictable. The speed limit in the park is 20 mph.
- **Remember quiet hours are from 11:00 p.m. to 7:00 a.m.** Respect your neighbor's right to a peaceful visit.
- **Check out time is 11:00 a.m.** Cabins will be checked after your occupancy for cleanliness and/or any damage. You will be charged or billed for clean up or repair fees according to the schedule, "Release for Damages", presented to you for signature upon check-in.
- **Please keep your cabin neat and clean during your stay.** It is your responsibility to keep floors swept and the kitchen, bathroom, etc. clean. Please sweep and mop the floors and clean all kitchen and bathroom fixtures and appliances before leaving.
- **Cabin rental does not include any other fees that are charged in the park** (i.e. fees for the pool, entrance, horse rental, etc.) Naturalist activities are available.

Please abide by the guidelines mentioned above to ensure the safety of you, your group, and other visitors and to ensure the health of the park. Thank you for visiting McCormick's Creek State Park.
